

20-Year Vision Statement

From January 2006 Draft subarea plan

"In the year 2025, the residents of South Fidalgo Island enjoy the same type of community that the residents in 2005 enjoyed (when the Subarea Plan was written). The subarea population has increased slightly (25% since 2005) and this growth has been accommodated through the careful siting of new homes throughout the area subject to water availability and environmental constraints. This character features abundant areas of open space with lush vegetation surrounding homes on large lots. Somewhat denser neighborhoods are gathered along the coastlines. A few small retail establishments serve the community at sites that were established in the 1990s or earlier. Visitors to the area include travelers using Highway 20 between Skagit and Island Counties and those accessing the many opportunities offered by state, county and City of Anacortes parks and trails. The highway has improved traffic safety conditions resulting in fewer accidents."

- South Fidalgo Island Subarea Plan, January 2006 Draft

Note: Vision language as printed in Chapter 2 – Land Use and Housing Element of draft plan; language in parentheses appears in "Chapter 1 – Introduction and Summary of same document.
